TRANSITIONAL DESIGN

Bridging classic design with modern elements, the transitional design trend continues to hold sway due to its versatility and ability to suit any taste. The Fonteyn collection transitions between the timelessly refined design of the 1940s and 50s to the bold retro aesthetics of the 1960s. As a coordinated collection, Fonteyn brings these styles together through sculptural curved forms, luxurious finishes, and intricate detailing in a fully coordinated design narrative.

BE
INSPIRED

5-STAR HOTEL GLAMOUR

As homeowners seek more 'quiet luxury' for their interiors, there is a significant trend in borrowing from high-end hotel design to elevate the home environment. The Carlyle collection leads with this aspiration, blending understated luxury with refined detailing to offer a complete bathroom solution inspired by glamorous 5-star hotel living. Developed with a premium finish in mind, Carlyle range provides a compelling new proposition for those seeking timeless, beautiful design with modern functionality.

JEWELLERY INSPIRED LUXURY

Make a statement and add a touch of luxury to the bathroom with jewellery-inspired brassware textures and intricate details. From faceted glass surfaces to marble stone effects, we have incorporated this trend across mixer handles for our Bijoux collections: Isabel, Chiasso and Sestriere.

NORDIC MINIMALISM

Bold aspects and industrial forms define the latest Nordic Minimalism trend, in which restraint and expression sit side by side. The Studio 316 range encompasses a complete bathroom suite, blending Nordic minimalism with exceptional craftsmanship to give the trend for colour and texture a fresh, elegant twist. Accented with pops of colour, 316-grade stainless steel mixers and showers coordinate with vanity units, washbasins, a freestanding bathtub and accessories.

COLOUR & PERSONALISATION

Personalisation continues to shape bathrooms as homeowners and designers turn to expression and individuality. Colourful brassware is a big focus here and remains a key trend for 2026, with our durable Armour coating enabling bright pops of colour in the bathroom through the Toko Flavours and Studio 316 ranges. Personalisation also extends to the bespoke Alpine basin and countertop collection, which offers 19 finishes and can be paired with complementing Chiasso mixers for a one-of-a-kind look.

SUSTAINABILITY

As designers increasingly seek ways to reduce environmental impact, sustainable design choices are becoming increasingly essential. We support this shift by offering eco-friendly bathroom products such as touchless mixers that help reduce water usage. Many products, including the Studio 316 outdoor showers and mixers, are made from durable 316 stainless steel which is a sustainable choice that provides long-term value. Anti-corrosive, it is designed for both the interior and exterior and comes with a 10-year guarantee for peace of mind.

MADE IN **ITALY**

Our Made in Italy heritage represents decades of manufacturing expertise in Italian design and production, embodied in our collections such as La Dolce Vita. From the lakes of the north to the historic ceramic heartlands near Rome, many of our products are shaped by craftsmanship honed through longstanding tradition, reflecting the highest standards of quality and detail.

We present a wide range of products that are produced in Italy. From mixers, shower solutions, basins, sanitaryware, furniture, mirrors, heating, accessories and plumbing products, and even kitchen mixers, every piece is made to exacting BAGNODESIGN specifications, with the confidence and expertise of Italian know-how. These values come together in La Dolce Vita, uniting all our Italian-made brassware in one considered collection.

FINISHING TOUCHES

The **appeal of coloured brassware** is widespread among designers who seek new and innovative finishes to create **distinctive looks** in their designs.

At BAGNODESIGN, finishes are essential for making our products stand out. We develop finishes that align with the overall sense of style.

Our refreshing alternatives help define the look of a bathroom and, by extension, the entire home. Our on-trend Soft Bronze and PVD Gold finishes are well-loved for their subtle elegance. Alternatively, the warm-toned PVD Oyster and PVD Soft Burgundy finishes promise to add a touch of drama and opulence to any bathroom.

New for 2026, our exquisite Armour Flavour collection is designed to make a striking style statement. There are six Armour finishes to choose from: Cocoa, Truffle, Sage, Blueberry, Mandarin and Lip Gloss. Mix and match products and finishes to create a look that reflects your personal style and personality.

Please note: *Soft Bronze is a semi-living finish and may change over time, resulting in slight variations.

CARLYLE

A modern take on the flawlessly manicured bathrooms of the world's finest hotels, Carlyle embodies understated luxury with rich finishes, balanced proportions and refined detailing across mixers, showering, furniture, basins, bathtub, WCs, lighting and accessories to offer a complete bathroom solution.

Every aspect has been carefully designed to provide a five-star luxury experience, ensuring that each detail adds value and enhances the overall bathroom aesthetic, carrying distinctive design features throughout: from scalloped mixer edges and ornate octagonal mirrors to the Carlyle wall lighting by SANAUARA crafted from Spanish alabaster and brass.

Basin and shower mixers are available in a palette of five finishes: Chrome, Brushed Nickel PVD Oyster, Soft Bronze and Anthracite, which all pair beautifully

with coordinating accessories. Furniture is available in Dark Oak with Soft Bronze integrated profile, Silver Oak with Oxide integrated profile or Matt White with Brushed Oro integrated profile, complemented by a choice of integrated white basins or stone-effect porcelain countertops.

Luxury is embedded in every detail of the Carlyle collection, the result of which is a look that is sophisticated and welcoming.

FONTEYN

A sophisticated new range defined by its graceful curves, sculptural forms and timeless elegance, the Fonteyn collection captures the fluidity and finesse of movement, echoing the refinement of mid-century modern design.

Designed to evoke the transitional design of the 1940s and 50s into the statement-led aesthetics of the 1960s, Fonteyn combines sculptural curved forms, luxurious finishes, and intricate detailing to deliver a complete bathroom collection. The range integrates every element of bathroom design into a cohesive and aspirational offering. Its mixers and accessories feature beautifully detailed craftsmanship, available in five distinctive brassware finishes, while the ceramics range includes statement basins, WC, and bidets in six versatile finishes. The furniture selection offers

curved vanities in three finishes (Urban Grey, Walnut and Mahogany), paired with mix-and-match stone-effect or terrazzo countertops, complemented by two BAGNOQUARTZ bathtubs in a classic Matt White. Elegant wall lights complete the mid-century aesthetic, ensuring every aspect of the bathroom is harmonised.

From intricate brassware craftsmanship to the sculptural forms of the ceramics, the Fonteyn collection delivers aspirational style and luxury detailing in a fully coordinated design narrative.

GINZA

The art of playful living. Channelling the dynamic energy of Tokyo's Ginza district, this collection captures the city's architectural innovation and creative spirit into a cohesive bathroom solution. Taking cues from Japanese boutique hotel interiors, Ginza leads with visual impact for spaces that feel effortlessly cool and expressive.

Mixers are minimal and geometric in a unique palette of finishes including Armour Lip Gloss, Armour Truffle, Brushed Nickel and Chrome with coordinating accessories and furniture hardware. Showering products, including an outdoor shower, enable seamless indoor and outdoor designs. Designed to pair with freestanding and countertop basins in orange, army green, beige or terrazzo, the collection enables distinctive designs where colour and form become the defining elements.

Natural Oak furniture and stone-effect countertops ground the composition with organic texture, while a compact bathtub in white or matt white evokes the relaxation of Japanese urban spa living. The range extends to 'Ginza Junior', a playful yet practical edit featuring Armour Baby Pink and Misty Grey mixers and shower products designed for children's bathrooms and compatible with HEWI accessories. Fun and functional, Ginza reimagines luxury bathrooms for bold, design-conscious living.

ISABEL

Isabel reinterprets the legacy of the master glassmakers of the Italian island of Murano, transforming artisanal tradition into a contemporary design statement for the bathroom.

A refined new basin and bath mixer range, Isabel is defined by its distinctive geometric glass handles. Designed to be admired, the collection takes inspiration from jewellery and fine perfume bottles. Its octagonal, faceted surfaces sparkle gently in the light, encapsulating the elegance and sophistication of a truly unique design. Coordinating with the wider BAGNODESIGN accessories portfolio, the collection is offered in four brassware finishes, each paired with a corresponding glass finish: Brushed Nickel Plata Silver, PVD Oyster

Oro Gold, PVD Gold Fumé and Soft Bronze Gris. Together, finish and form create a cohesive mixer range that celebrates craftsmanship, materiality and elegance in its highest form.

BIJOUX COLLECTIONS

Glamorously intricate with jewellery-inspired detailing, Bijoux emerges as the most decorated category in our mixer portfolio. Expertly made in Europe, these ranges captivate with their sculptural forms, exquisite Murano glass or stone-effect accents, and distinctive finishes – transforming functional brassware into striking design features for the bathroom.

ISABEL

Isabel transforms artisanal Murano glassmaking into a contemporary design statement for the bathroom. Designed to be admired, the collection takes inspiration from jewellery and fine perfume bottles; its octagonal, faceted surfaces encapsulate the elegance of a truly unique design.

CHIASSO

Combining fluting with natural stone, Chiasso is a contemporary collection of basin and shower mixers available in five versatile brassware finishes and 9 beautiful porcelain accent inserts. The inserts on the handles are customisable, with the opportunity to correspond with Alpine washbasins and countertops.

SESTRIERE

The perfect marble mixers to elegantly accent bathroom spaces. Produced in Italy beneath the cool shadow of the Alps, Sestriere features a sophisticated variety of two marble and four brassware finishes to elevate hospitality or residential bathroom projects to 5-star standards without compromising the design vision or budget.

Stylish staple components include shower columns, hand showers with multiple spray patterns and pressure settings, slide rail kits, and accessories. A more tailored, spa-worthy experience comes in the form of spa showerheads with soothing flow functions and mood-enhancing lighting, body jets that target specific muscles, and thermostatic shower columns for perfect temperatures.

For a closer connection to nature, outdoor showers are an invigoratingly practical choice. Constructed from Grade 316 stainless steel they guarantee lasting durability in weather-resistant finishes like Brushed Stainless Steel, PVD Oyster Armour Cocoa and ArmourTruffle.

All products are compatible with standard shower enclosures and bathtubs, while all thermostatic valves are WRAS-approved.

Stylish furniture and sanitaryware combine traditional craftsmanship and directional design with the latest in technological innovation to create a coordinating solution.

Designed in line with the latest global trends, our collections are created to complement a wide range of aesthetics. From the hotel-luxe Carlyle to the mid-century inspired Fonteyn, and the understated Japandi style of the Nara collection.

To suit any scheme from the master bathroom to the powder room, basins vary in countertop to freestanding styles; WCs and bidets are available in traditional to wall mounted; and design-led furniture options feature in multiple sizes, finishes and materials with countertops to complement. Furniture textures like richly veined marble, terrazzo and natural wood give visual interest beyond function.

The various marbles used have been chosen for their strong concentration of fossils and as they are a purely natural product, there will always be the presence of different variations of veins, colours and shades, as well as micro-cracks and small holes. This gives each piece the characteristic of being truly unique.

FLUSHING SOLUTIONS

- **More Space:** Since concealed cisterns are built into the wall, they free up a considerable amount of bathroom space that would otherwise have been taken up by the cistern.
- **State-of-the-art technology and durability:** The range of concealed cisterns boasts high-tech working parts to ensure trouble-free operation.
- **Design freedom:** Homeowners and designers can pair their choice of actuator or flush plate and wall-hung or floor-standing toilet pan to perfectly complement their bathroom's particular style and design.
- **Easy to clean and hygienic:** Concealed cisterns and wall-hung WC pans provide the ideal easy-to-clean and optimum hygiene solution – no obstacles to clean around or cisterns to clean under.
- **Good for the environment:** All cisterns contain a dual-flush mechanism, helping to reduce running costs by saving water – using as little as two litres of water for a half flush.
- **Noise reduction:** Since the cistern is built into the wall, any noise created by the process of flushing is significantly reduced, making this an ideal solution for en-suite bathrooms. This is also a key in any hospitality requirement.
- **Strength:** All cistern frames are designed and built to support up to 400 kg in weight.
- **Warranty:** All cisterns come with an impressive 10 year warranty.
